THE FASTEST, EASIEST WAY TO TIE DOWN CARGO

For business and personal needs – a **SECURE** tie-down method for tarping, tent wind lines, securing coolers, ladders, canoes, kayaks, tubes or rafts in boats, for front and rear ATV racks, vehicle roof racks, RV's, trunks of cars, jet skies, work trucks, bundling of loose gear. etc.

Available in two sizes:

1 / 4" (max. load of 150 lbs.)

and 3 / 8" (max. load of 250 lbs.)

Each size had a push button release and comes with 12 feet of rope.

Simple to use: Hook one end to tie down point and other end to item to be secured, then simply pull on the loose tug line until tight and secure. To release, push down on the hidden thumb trigger and pull. **EASY AS THAT!**

Choice of Open Hooks, Closed Hooks, or a combination of both!
